Team on the move with new strip

A HERTFORD football team which formed for the new season really looked the part, thanks to new sponsored kit for the players.

Hertford Celtic FC played

and won their first game on Saturday, straight after they were presented with shirts by Harlow-based removal and storage company Better Removals, which put forward around £500.

Club secretary and first team manager James Kember said: "The kit looked fantastic.

"It was the perfect start to what we hope will be the perfect season."

The team played Wodson Park FC at the Wodson Park stadium in Wadesmill Raod, Ware, and won 3-1.
